

Surname: _____ **Given Names:** _____

Due Date: _____ **Date Submitted:** _____

- ☐ I have read and understood the Requirements for Documentation and Submission of Lab Assignments (the requirements)
- ☐ **This submission is compliant to the above requirements**
- ☐ I have included all relevant Linux source code, executables and test files in the tar archive. The file names are chosen according to the above requirements.
- ☐ I have kept another copy of this submission and associated programs and files in a safe place.

A question or exercise is fully completed when all requirements are met (eg, the program compiles and produces results). A fully completed question or exercise is not always 100% correct.

Batch Number: _____

[illegible]

A Sample Declaration:

Batch Number: _____1_____
